**MISS CLAIRE NEWLAND.**  
A Gentle, Patient Spirit Finds Eternal Rest.

Miss Laurie Claire Newland, one of Bryan's sweetest girls, passed into eternal and peaceful sleep last night at 10:35 at the home of her parents, Mr. and Mrs. R. J. Newland. She had been ill for a long time, and was herself conscious of the fact, as well as the members of the household, that the end was only a matter of days. And while the hearts of those near and dear to her became heavy with the passing of the days, hers became lighter in the knowledge that yet a little while and all suffering, all cares would be ended and the joy of the angels would be hers. Truly her heart and soul were stayed on God, and His promises to the faithful were the rod and staff upon which she leaned.

Such devotion as was bestowed upon her by all the members of the household is rarely witnessed on this earth. Her every wish was anticipated, she was allowed to want for nothing. Loving hands knew not fatigue and long vigils knew not weariness. Every member of the family showed her a devotion in which the matter of self was unknown.

She was a member of the Methodist church and her life, brief though it was, represented the highest type of Christianity.

Miss Claire was born and reared in Bryan and was 22 years, 2 months and 11 days of age. Her tender, gentle nature made her a general favorite and all who knew her loved her. She is survived by her mother and father, six sisters and two brothers, all of whom have the tenderest sympathy of the entire community in their great sorrow.

The funeral was held from the family home this afternoon at 4 o'clock, her pastor, Rev. C. T. Talley, conducting the services. Her grave was a perfect bower of beautiful flowers, expressions of that tender love in which she was held by many, many friends.

### WIELDER OF KNIFE DRAWS TWO YEARS

Drucilla Hudley, the Negress Who Seriously Cut City Marshal Conlee, Goes to the Pen.

The case tried the State of Texas vs. Drucilla Hudley, which has been on trial in the district court this week, came to a close yesterday afternoon. It will be remembered that several weeks ago City Marshal John D. Conlee was arrested her on Ray Row one Saturday night and she showed fight and inflicted some very ugly wounds on Marshal Conlee's face with a sharp bladed pocketknife.

The case was turned over to the jury yesterday afternoon and after a deliberation of twelve hours a verdict was returned giving her two years in the state penitentiary.

The defendant was represented by Attorney C. B. Hudson and immediately after the verdict was read he filed a motion for a new trial, which will be heard later.

The second Trades Day, which has been inaugurated by the Commercial Association, is scheduled for next Monday, October 2nd. In connection with this the girls' canning clubs of Brazos county and the boys' corn club will hold their annual exhibit at the Commercial Club rooms.

A large crowd is anticipated for this day and arrangements have been made for handling the crowd. It is expected that people will be here from all over Bryan's trade territory with wares for sale, with stock to trade, hogs and everything that is produced on the farm. Come right ahead. Bryan is the place to do your trading. Our cotton buyers are paying the top of the market for cotton, our merchants are offering goods at the very lowest figures and their stocks are complete.

Everybody turn out Monday and let's have a big jubilee together. Do not forget to visit the Commercial Club rooms and view the displays from the boys and girls of the rural districts; also register for the premiums that are to be given away by the merchants of the city.

## PIANO INSURANCE

One of the best forms of piano insurance is to buy your piano from a reliable local dealer. You are not only insured against the tricks of the piano agent, but you are dealing with your friends—dealing with those who are in a better position to know your needs and circumstances—you are absolutely insured against fraud.

We have had some bitter experience ourselves with piano agents. At one time in our career we employed, what we thought an honest man, an agent to go out and persuade people to buy pianos. He placed several pianos for us at good prices. We paid him a commission of from \$25.00 to \$50.00 on each piano so placed. He then left us to go to a new field of labor. No sooner had he gone than our trouble began, customers had been promised unreasonable things, things not in contract signed by them and accepted by us. Being a reputable firm we had to suffer for the acts of an unscrupulous agent. No, we never will send another agent to persuade people to buy; when you are worried to death with agents you sometimes buy before you really should; you incur an obligation to large for your circumstances and out of the price you pay the agent his big commission.

You get to see a line of real pianos; (not pictures); you get the opinion of a friend and an honest dealer, you pay no agents commission; you get the utmost piano value. If you should buy the wrong instrument, we will cheerfully exchange it for you. This is INSURANCE of the best kind. Insurance that saves you money when you buy and satisfaction afterwards.

Our pianos are equal to the best—Our prices are as low as the lowest and our terms are as liberal as you need. Terms can be arranged to suit you.
